

With **Gateway2India Internal Auditor** you get **reliable and efficient coverage** in whole of India, **ESPECIALLY IN NORTH AND WEST** around Delhi, Indore, Ludhiana, Jalandhar, Mumbai, Pune and Aurangabad.

It's easy as 1, 2, 3....

 Contact us with information about product which is to be inspected, its key quality parameters, packing list, city in which factory is located and approximate date of work.

 We will revert with price and confirm availability on or around desired date. After receiving your OK, inspection plan will be prepared so that actual on-site work is done accordingly.

 A detailed report will be provided quickly after the inspection. Invoice will accompany it. Our payment becomes due on receipt of Invoice by you.

Indicative price of one day audit or inspection in North India = US\$500. Call for specific price.

Comparison

| <i>Gateway2India Internal Auditor</i> | <i>Other Shipment Inspection Firms</i> |
|---|--|
| Background, training and dedication of Auditor is simply incomparable. | Even Senior personnel are just about OK. |
| On-site work <u>always</u> by Senior who is adept at taking 360 view of business to deliver an effective and beneficial outcome. | Ineffective in delivering assurance as even the Senior seems to have a please the chair, quick fix approach. Work often by Juniors to control average cost. |
| Samples drawn for inspection represent entire order quantity. | Make work light / quick. Don't draw representative samples. |
| Uncompromisingly independent & objective 3rd party. Foreign buyer and factory, both benefit from our work. Inspect and report with courage and passion for excellence. | Are not independent and objective 3rd party in letter and spirit. Unable to deliver effectiveness because of their lack of passion and please the chair, quick-fix approach. |
